DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claims 1-30 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1 the "which" phrase of lines 14-16 is mis-descriptive because the "included operations" are limited to the operations involved in the simplification of the predetermined transform matrix per lines 12-14 and they do not include approximating irrational number by rational numbers. Similarly note claims 15, 29 and 30. The phrases "said sequence of a transform and a quantization", claim 1, lines 19-20 and "said quantization", claim 15, lines 3-4 lack clear antecedent basis. In line 5 of claim 15 "compressed" should be "decompressed".

Allowable Subject Matter

2. Claims 1-30 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Abstract

3. The last line of the abstract is required to be cancelled.
